

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Billious diseases — Costiveness, Indiseastion, Jaundice, Dropsy, Rheamatism, Fevers, Gout, Humors, Nerrousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed very few are the diseases in which a Purgative Medicine is not more or less required, and much sick ness and suffering might be prevented, if a harm less but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Billious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearnes all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected eath consumate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Fatients, has shown results surpassing sors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not sub-

have been effected beyond belief, were they not substantiated by persons of such exalted position and sharacter as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

Port of Boston, and Geologist for the State of Massachusetts.

In a L. Moore, M. D., an emiment Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. Southwick, Fag., one of the first merchants in New York Cit.

C. A. Davis, M. D., Sup't and Surgeon of the United States Marine Houpital, at Chelsea, Mass. Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these emiment public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of

most complete which the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obtained by any process. The reason is perfectly obtained by any process. The reason is perfectly obtained by any process, and mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine

medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition. I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be anyone who has not received them, they will be premptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known. few would be taken if their composition was known. Their life consists in their mystery. I have no

Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same fluing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.

DR. JOHN BULL.

SOMETHING NEW AND VALUABLE

The most powerful King on the face of the globs new reigns supreme in the American Rapublic. The power of the crowned heads of Europe sink into insignificance when compared to our American King.

European Kings sumpley the power vested in them to increase the riches of the rich and lordity, and to reduce to greater misers and degradation, the poor and dependent. our American King goes forth with equal willingness to the lordiy mansion and the humble cabin, ready alike to administer relief, and to offer health and happiness to the lofty and lowly, the rich and the poor.

DR. JOHN BULL'S AMERICAN KING OF PAIN

Is the Tauta Wouden or the Would, and the greatest bissing ever offered to afflicted humanity; to the suffering millions, the Doctor can say, relief is at your command. You have only to use this magical remedy. All those who will suffic, and will not accept the professed Balm, deserve not the pity of their families.

This wonderful medicine, during the brief period since its introduction, has carried happiness to the hearts of thomands, and made life a charm to many who herefore regarded it only as a painful and miserable existence.

thousands, and made life a charm to many who heresofore regarded it only as a painful and miserable existence.

To the winds with all Liniments, Embrocations, Pain Killers, and Pain Extractors, and let millions of glad tongues proclaim the merits of the great "American King of pain," a presparation composed solely of vegatables and roots, produced by America's own rich and bounteeus soil.

We would ask the Lapirs, who are always competent judges of what is and what is not a valuable family medicine, to do us a special favor by giving the King of Pain a single trial, and if satisfactory, exert their influence in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladies are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benerolence that they can well be proud of. This is a powerful and truly-magical remedy for all external diseases, sores, swellings, burns, &c. and for many internal affictions is a certain cure, yet it is perfectly harmless, and incapable of producing the least injurious effects in the most delicase cases or the weakest constitution.

It is extirely useless to follow the old and worn-out system of publishing to the public thousands of certificates of wonders performed by this medicine. It costs but twenty-five cents to try it, and Dr. Bull stakes his well earned reputation on the King of Pain doing all and more than he claims for it.

We would ask have you the Rheumatism or Gout; these are not pleasant companions, and we know that you would like to drive them away as soon as possible, then use

"BULL'S KING OF PAIN." Would you be cured almost immediately of Bowel Complaint, Dysentery, Summer Complaint, Choises mor-bus, Cramp, Colic, Head Ache, Tooth or any other sche or pain, the remedy is simple and the sure certain, USE THE GREAT KING OF PAIN. Would you have your Sores, Swellings, Cuts, Burns, caids, Bruises, or any other wounds healed, we repeat

MAGICAL KING OF PAIN. Would you be cured of Scald Head, Stiff Joints, Sore Throat, Neuralgia, Sore Breast, Lumbago, Tetter or Ring Worne, Sait Rheum, Biese of Poisconus Insects, Chapped Hands, and all other Sores, either dry or running, we say again and again 1002 armspt is Dr. John Bull's

"KING OF PAIN." Would you be cured of King's Eril, Cancer, Tumors, Eruptions, or any disease of the 8kin caused by impure blood, then use Dr. John Bull's Sarsaparilia internally, and the King of Pain externally, nothing can be more certain than a speedy and effectual cure.

Powders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemned it, but all approve it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has were been placed before the public. Although there are many physicians who feel a reinstance to having their manes appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree; there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an erideoce, read the following from old and respectable physicians, of high standing in the community in which they live.

TESTIMONY:

all comments on the efficacy of Bull's Saraparilla. From Dr. L. P. Yandali, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Extract of Saraparille and have no hesitation in saying that they form a safe compound, and one that promises well in chronic discuss, to which it is applicable. L. P. Yandali, M.D. Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the ouisville Marine Hospital says of Bull's Sarsaparilla Lounynus, March 20, 1849.

I have examined the prescription for the preparation of Jehn Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think is the best article now in use.

M. PYLES, M.D. Resident Physician Louisville Marine Hospital Better testimony than was ever offered in favor of any medicine. Rev E. W. Sehon — Rev. E. Stevenson;

LOUISVILLE, May 20, 1849. We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a eafer and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

We would earnestly invite all persons who are suffering with any of the life that flesh is heir to, to call on Dr. John Bull's agent and get a copy of Rull's Family Journal gratis; and for the sake of humanity we hope that a single individual will not be found unwilling to give limit's Sarsaparilla a trial after reading and recoiseting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures performed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.
